President's Message

As I am writing this the open of our July show is less than 10 days away. Oh my!! Publicity, planning, signage, a new banner, security, cases, and I cannot even enumerate all of the tasks, are being addressed. I will reiterate last month's call for volunteers. The registration table, the Food Bank table, the Raffle table, the YN Zone, dealer set up, Thursday dinner, all need volunteers.

Looking towards the future we discovered that both Baltimore and Summer FUN have moved to July dates. Trying to avoid direct competition with Summer FUN or Baltimore was precisely why we moved the show date away from June. We will have to make a decision quickly on how to react, taking into account building availability at the Fairgrounds.

I honestly don't have much else numismatic on my mind except getting through the show so with that.....

Collect and enjoy!

Minutes Continued from Page 2

PL brought a "manila", copper used to purchase slaves in Africa, and also a one dollar guitar coin from the Somali Republic.

RB brought a two-cent error coin, 1864, large letters with medal alignment, slabbed and graded MS63BR.

Case

Sanford Steelman did the case for this meeting, featuring notes and coins from the Confederate States of America and from the state of North Carolina.

Program

David Boitnott presented an informative program on gold minted at the Charlotte Mint in which he showed examples of each of the different types and discussed their relative availability.
